

WASHINGTON CITY
RESOLUTION R2020-15

A RESOLUTION OF WASHINGTON CITY ADOPTING LOW IMPACT DEVELOPMENT
APPLICATION GUIDANCE

WHEREAS, because the federal government has established criteria for controlling pollutants in local municipal separate storm sewer systems, the State of Utah Department of Environmental Quality Division of Water Quality has mandated that, to remain in compliance with the state issued discharge permit, each municipality must adopt regulations to prevent the offsite discharge from all rainfall events less than or equal to the 80th percentile rainfall event unless it is determined by specific constraints to be infeasible; and

WHEREAS, because the federal government has established criteria for controlling pollutants in local municipal separate storm sewer systems, the State of Utah Department of Environmental Quality Division of Water Quality has mandated that each municipality adopt regulations that require the evaluation of a Low Impact Development approach for all new development or redevelopment projects to meet the retention requirement of the state issued discharge permit; and

WHEREAS, the Dixie Storm Water Coalition, of which Washington City is a member of, in consultation with JE Fuller, Hydrology & Geomorphology, Inc., has created a guidance document to define methods for calculating and determining feasibility of a Low Impact Development approach to meet the states retention requirement in Washington County; and

WHEREAS, Washington City acknowledges the state mandate to adopt the regulations pertaining to the evaluation of a Low Impact Development approach for all new development or redevelopment projects to meet the retention requirement in compliance with the state mandate and regulations; and

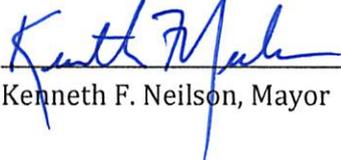

WHEREAS, the Washington City Council finds that it is in the best interest of the public to remain in compliance with the mandated requirements of the State issued discharge permit.

THEREFORE BE IT RESOLVED by the City Council of Washington City, Utah, that: Washington City Council hereby adopts the Green Infrastructure/Low Impact Development Application Guidance for Washington County, Utah updated June 12, 2020.

PASSED AND ORDERED POSTED on this 9th day of September 2020.

Washington City

Kenneth F. Neilson, Mayor

Attest:

Danice B. Bulloch, MMC
City Recorder
